# *Safety Instructions*

## 1. Emergency & First Aid Procedures

**Ink contact with eyes:** Immediately rinse eyes with clean water for 15-20 minutes. Retract eyelids often. Obtain emergency medical attention if pain, blinking, tears, or redness persists.

**Ink contact with skin:** Wash skin thoroughly with mild soap and water. Flush with lukewarm water for 15 minutes.

## 2. Safe Operating Instructions

- Do not operate this machine without all guarding in place.
- Keep this unit and work area clean and free of spills to prevent accidents.
- Make sure that all safety decals are attached to their appropriate locations.
- Be alert and use common sense.
- Remove and insert accessory gently.
- Read NC positioning instructions before inserting numbering system into the Risograph.
- Make sure the numbering system is in the home position (12 o'clock position on the Indicator knob) before inserting the numbering system into the Risograph.

## 3. Hands-On Operations

- Do not allow unauthorized personnel to operate, make adjustments, or repair this accessory.
- Do not remove fixed parts or guard on the numbering system except for Tripping cam, Numbering head, Head holder ring, or Operating arm.
- Do not operate this accessory in any other manner than as described in this guide.
- Contact your dealer if you suspect any hazardous situations, if you experience problems, or if you have any questions.
